

**Press Release:**

**EPIC Systems Raises \$3,781.00 to Benefit the USO**

**ST. LOUIS, MO (11-29-2011)** – [EPIC Systems, Inc.](#) recently sponsored a Trivia Night competition that raised \$3,781.00 to benefit the [USO](#). The first annual EPIC Trivia Night event was held November 18<sup>th</sup> at the Engineer's Club in St. Louis, MO with almost 100 people in attendance.

EPIC Trivia Night was hosted by Frank McCormack and Craig Geil and involved a paper airplane engineering contest, silent auction with autographed memorabilia, tribute to the troops and multiple raffles. Prizes included a new Kindle Fire, wine baskets and a wireless router.

**ABOUT EPIC SYSTEMS:** Founded in 1995, [EPIC Systems, Inc.](#) is a leading multi discipline engineering and fabrication firm that provides project automation solutions for [modular process plants and systems](#), [packaging and assembly line integration](#), [custom machine manufacturing](#) and advanced [machine vision system integration](#).

Utilizing a custom design-build approach, EPIC Systems specializes in the entire plant project. The company provides comprehensive strategy and execution for: concept development; design engineering; integration and automation for process, line and controls; plant and modular fabrication; construction management and installation; startup; commissioning and support.

**ABOUT THE USO:** Millions of times each year at thousands of locations around the world, the USO lifts the spirits of America's troops and their families. A nonprofit, congressionally chartered, private organization, the USO relies on the generosity of individuals, organizations and corporations to support its activities. The USO is not part of the U.S. government (and accepts no federal funds), but is recognized by the Department of Defense, Congress and President of the United States, who serves as Honorary Chairman of the USO.

EPIC Systems is located in St. Louis, MO USA. To learn more about EPIC, visit the website at [www.epicsysinc.com](http://www.epicsysinc.com) or [contact them](#) today for an engineering evaluation of your application.
