

AES Corporation in Top 5 Fastest Growing Companies

AES Corporation has been recognized by *The Corridor Business Journal* as one of the top 15 Fastest Growing Companies in the Cedar Rapids/Iowa City/Coralville Corridor for the second consecutive year. AES ranked #4 on the list based on a 138% increase in revenue from 2007 to 2009, moving up from the #9 spot on the 2009 list.

“We are very pleased to once again be among the fastest growing companies in the Corridor,” said David Garrelts, Founder and President of AES Corporation. “We share this success with our customers, our suppliers and partners, our employees and our families, whose unfailing support enables us to achieve the results that this award recognizes.”

“The past couple of years have been tough in the Corridor and beyond. AES is fortunate that our philosophy of building customer loyalty based on strong relationships and trust has allowed us to weather the storm alongside our customers. We look forward to earning a spot on the CBJ’s list of Fastest Growing Companies again in 2011.”

AES Corporation is a Systems Integration and Process Controls firm headquartered in Cedar Rapids with additional locations in Albuquerque, NM and Kansas City, MO.
