

Benefits of CSIA Membership for Automation Vendors (Partners)

Learn more at www.controlsys.org

- Aligning your business with top control system integrators
- Promoting your products and services at a conference exhibit
- Networking with leading control system integrators
- Participating in peer groups, committees and the CSIA conference to advance the systems integration industry
- Advancing the industry increases the probability that your products will go to market properly
- Eliminating the need to develop control system integrator evaluation criteria for your service Provider program. CSIA Certification assures you that the necessary business practices are in place.
- Enter into conversations on our online private community
- Submit white papers for our CSI members. This provides exposure to Integrators and builds credibility.

CSIA is committed to the development of the business capabilities of control system integration companies and their implementation of best practices in order to provide a healthy, low-risk channel for the application of automation technology to their industrial clients.
