CSIA Announces Member News

Aug. 25, 2010, MADISON, Wis. – The Control System Integrators Association (CSIA) announces that the following members recently became recertified:

Automated Control & Technical Services, Bakersfield, Cal.

Captronic Systems Pvt. Ltd., Bangalore, India

Loman Control Systems, Inc., Lititz, Pa.

Matrix Technologies, Inc., Maumee, Ohio

Optimation Technology, Inc., Rush, N.Y.

Optimation Boston, Nashua, N.H.

Optimation Houston, Houston, Texas

Optimation Philadelphia – TSD, Coatesville, Pa.

Tata Consultancy Services Limited, Pune, India

Pacific Coast Automation, Inc., Modesto, Cal., represented by John Keller, is a new member.

To become a CSIA certified member, a member company must pass an intensive audit process with stringent performance standards categories in nine categories: general management, financial management, project management, quality management, technical management, human resources management and marketing, business development and sales management.

Certified members are re-audited every three years and recertified if they meet current performance standards. The certification criteria is spelled out in *CSIA's Best Practices and Benchmarks*, the accepted roadmap for system integrators committed to delivering the level of quality, performance and long-term support their customers expect.

About CSIA: The Control System Integrators Association (www.controlsys.org) provides its member-companies with the means to improve their business and executive management skills in support of the belief that being a good system integrator goes hand-in-hand with operating a good business. CSIA is proud to “raise the bar” in control system integration.
